Employment History

Frontend Engineer, Axios

Jul 2021 — Present Remote

- Engineered reader-engagement analytics & editor technology solutions using JavaScript, TypeScript, React, Tailwind CSS, & REST API integrations.
- Collaborated with designers, product managers, and engineers to deliver compelling user-facing solutions through proper tech specs and coordination.
- Built a command+k interface, which resulted in better navigation throughout the app and improved keyboard accessibility.
- Architected efficient and reusable front-end systems that drive complex web applications.
- Developed front-end features, translating Figma designs to code, with an emphasis on UX.

Frontend Engineer, Trazi Ventures

Oct 2020 — Jul 2021 Remote

- Work with a variety of different languages, frameworks, and content management systems such as HTML, CSS/Sass, PHP, JavaScript, React, Vue, Nuxt, Netlify CMS, etc.
- Leveraged HTML, Sass, and JavaScript to build Report Search, which helped users find their reports efficiently based on custom filters.
- Built Unmask's report profile, which allowed users to have an organized view of their report's information.
- Wrote custom unit tests for Vue components using Jest to ensure quality assurance, which resulted in 100% code coverage.

Frontend Engineer, Carroll Bradford

Oct 2019 — Oct 2020 Orlando

- Worked closely with designers and product to develop and redesign the company's application using JavaScript, Vue, Bootstrap, and Sass.
- Implemented the front-end for the project & CRM dashboards, which allowed employees to schedule calls with customers and keep track of 300+ projects taking place in the city of Orlando, Jacksonville, and Naples.
- Automated end-to-end testing using Selenium, which reduced report of bugs by 30%.
- Created application's documentation, which helped speed up the developer onboarding process for new members.

Frontend Developer, Independent Contractor

2016 — 2019 Remote

- Built and maintained client websites, using JavaScript, React, HTML & CSS.
- Tested sites in various browsers and devices to ensure cross-browser compatibility and mobile responsiveness.

Education

University of South Carolina, B.S. Business Administration

2017 — 2019

- Graduated Magna Cum Laude with a 3.6 GPA
